

“Intelligent, entertaining,  
and useful.” *The Times*

*Consiglieri* turns the spotlight on the second-in-commands. Far from being also-rans, these are the crucial vice-presidents, first lieutenants and right-hand men and women whose influence can determine the fate of countries, companies and individual ventures the world over.

“Plenty of deputies, sidekicks, fixers and henchpeople have had to endure accusations that they do not have the balls for the top job, but Richard Hytner’s book *Consiglieri* wants to rehabilitate the influencers in the back rooms and corridors of power.”

- *Financial Times*

“There isn’t a great deal of advice available for deputies... The message of *Consiglieri* is that in a time of relentless media scrutiny, two-faced immorality of the kind Machiavelli recommended has ceased to be a profitable strategy.”

- *The Guardian Book of the Week*

*Richard Hytner is Deputy Chairman of Saatchi & Saatchi and Adjunct Associate Professor at London Business School.*
